🎓 Education

IIIT Gwalior
Integrated B.Tech. in IT+M.B.A
C.G.P.A-7.65

2019 – present
Gwalior,MP

⚗ Projects

Job Search APP
> Created a job search application with Expo that has Tinder swipe animations for likes and dislikes and Authentication with firebase.
> it is made with firebase,expo-sqlite,Github Jobs Api.

Covid App
> Covid App is a mobile application build in react native.
> which live tracks number of confirmed cases, deaths and recovered cases not only globally as well as state wise tracking in India.

News App
> Created a News application with React native.
> I have used NewsAPI.Org to fetch the news and NativeBase.io to build the UI of the app.
